

“Tribal Hippie Underground Zone” aka the THUGZ

Put on your dancin’ shoes, open your ears and join the party! “tribal hippie underground zone” also known as the THUGZ are sure to provide a fun time for all with their brand of cosmic Americana and old time psychedelic music. Based in California’s western Sonoma County, this multi-faceted band has delighted music fans of all ages and tastes.

Rock, blues, country, psychedelic and various world music styles blend together at a Thugz show to bring the “positive vibes” of the ‘60’s into the 21st century. Informed by the music of Bob Dylan, the Grateful Dead, the Beatles, Miles Davis and others, the Thugz’ original songs and jams help to create a fun, communal spirit between band and audience.

The THUGZ have been featured at the S.F. Giant’s “Grateful Dead Night” at A.T. & T. Park and continue to serve as the house band at Wavy Gravy’s “Camp Winnarainbow “ adult session.

No two Thugz shows are exactly the same but the spirit and love of music making are always present.
